

所別：英美語文學系碩士班 不分組 科目：英文寫作

You have 100 minutes to write a well-structured English essay explicating the following observation:

**Modern life takes place onscreen.**

Please read the topic carefully and write in a way that maintains a good balance between the abstract and the concrete. Please allow at least 10 minutes for proofreading at the end of writing; blatant grammatical or spelling errors could be fatal. But most important of all, try to write beyond the most superficial.
